Sir,

Adverting to para 8 of the G.O.No.G.2267-72/Med.131-34-17 dated the 19th September 1935, sanctioning the payment of certain contribution by the Education Department for the old Female Hospital building at Kolar, I have the honour to state that after going through the old records, I find that no "Female Dispensary building" was at any time handed over to the Education Department for school purposes. I find that the "old Female Dispensary building" was sold to the Kolar Municipal Council, for a sum of Rs.7000/- (vide G.O.No.L.8198-8201/Ml.329-27-2 dated 15th May 1928), and this building is now reported to have been rented out to the Bank of Mysore, by the Municipality.

There was, however, a proposal for the sale of the Lady Sub Assistant Surgeon's quarters at Kolar for accommodating the Girls' School, vide Government Order No.D.6225-8/Edn.369-29-8 dated 13th December 1930. But this proposal was conditional, and subject to the construction of separate quarters for the Lady Sub Assistant Surgeon, from out of the contribution payable by the Education Department as the sale proceeds of the old building. But, owing to the fact that the Education Department did not provide for the purchase till now in their Budget, this building has not been handed over to them. I am not aware of any other medical building which has been sold to the Education Department, and on which any sum is due by them to the District Board.

As the Director has requested me to intimate whether the old Female Dispensary building can be readily got vacated and handed over to them, I request instructions. In the meanwhile, I have informed the Director, that the old Female Hospital building is not
